

OUR VISION AND VALUES

We have developed a new vision for the school that will focus all our efforts on achieving the best outcomes for children and young people and a set of values that will drive the culture across the school in supporting the delivery of our priorities and outcomes.

We provide a rich education so that we can watch our little trees grow. The roots must be healthy, strong and well fed in order for the tree to begin to grow. Only then does the trunk of the tree begin to develop. Eventually the branches and the leaves will grow. Over time, with care, attention and input, you will find a lush strong and mature tree.

Our core values set out the way the school 'does things' to achieve its vision, priorities and outcomes.

Aspire – To direct ones hopes or ambitions towards achieving something or being successful.

Dignity – The importance and value that a person has, that makes other people respect them or makes them respect themselves.

Nurture – To take care of, feed and protect someone, especially young children, helping them to develop and be successful.

Pride – A feeling of pleasure and satisfaction that you get because you or people connected with you have done or got something good.

Respect – Politeness, honour and care shown towards someone or something that is considered important.

Together – With each other – so as to combine.

Trust – Firm belief in the reliability, truth or ability of someone or something.
